

## 110 kW Cummins Powered Fully Packaged Diesel Generator

The TRC Power Generation AC commercial series generator set is a fully integrated power generation system providing optimum performance with the reliability and versatility of a Cummins Engine.

All TRC units meet the following standards: VDE 0530, BS 4999, BS 5000, IEC 34. Manufactured in accordance with ISO 9001.

Optional sound attenuated weather-protective enclosures are available to shield the generator set from extreme operating conditions.

Diesel powered generator sets remain the number-one choice for standby and emergency power systems worldwide. TRC diesel generator sets are the epitome of rugged dependability and reliable mechanical and electrical performance.
